RE: Sanitary Landfill Company (IWD) Site, 1855
Cardington Road, Montgomery County, Moraine, Ohio

Dear Ms. Mancos:

This report is in response to your correspondence dated July 14, 1987 and February 24, 1988 to the City of Moraine requesting, pursuant to law, certain information concerning the use by the City of the Sanitary Landfill Company (IWD) Site located at 1855 Cardington Road, Moraine, Ohio.

By way of background, the City of Moraine has disposed of its residential and business generated refuse by contracting with various private collection companies who have collected same and disposed of it at County operated incinerators or approved landfill sites under agreement with Montgomery County.

In regard to the specific information requested, the following is provided:

1. Attached hereto are copies of pertinent resolutions, contracts and correspondence evidencing the relationship between the City of Moraine and various haulers.

2. The City is unable to provide any detailed description as to the chemical composition and character of the waste material transported to the referenced site other than to say that it was material common to residential and business refuse.

Ruth Mancos
April 13, 1988
Page 2
RE: Sanitary Landfill Company (IWD)

3. Because a greater part of the refuse in question was disposed of at the incinerators, the City is unable to provide any valid figures as to the total volume which was disposed of at the referenced site.

4. The substances were taken to the Site by trucks either operated by private haulers under contract to the city; by trucks operated or under contract by Montgomery County. In addition, there is some evidence that on occasion trucks owned and operated by the City of Moraine transported items to the Site as a result of "special pick-up" requests from citizens.

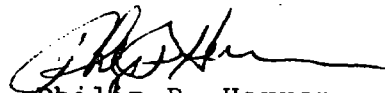

5. There are approximately 2,200 residential units in the City of Moraine and approximately 300 commercial units in the City which were generators of the substances.

6. The City is not in possession of any records which indicate the identity, amounts and chemical composition or character of the waste materials transported to, stored or disposed of at the site.

7. During the period in question the City was either covered by general liability insurance or were self-insured. See attached.

8. The City has no information as to the location of any particular substance within the landfill site.

Very truly yours,

Philip B. Herron
Acting Law Director
City of Moraine, Ohio

Resolution No. 1550

Passed December 11

19 80

RESOLUTION ACCEPTING THE LOWEST AND BEST BID FOR REFUSE
COLLECTION AND DISPOSAL.

WHEREAS, the City has advertised for bids for refuse collection and disposal.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF MORaine, STATE OF OHIO:

Section 1: That upon review and consideration of the bids that have been received, and in accordance with the recommendation of the City Manager, this Council does herewith determine that Demsey Trucking Company is the lowest and best bidder for the collection and disposal of commercial refuse within the City of Moraine for a contract price of \$261,974.52 in accordance with its bid. The City Manager is accordingly authorized to enter into a contract for said amount, and said contract, together with all bid documents shall constitute the total agreement between the parties. Said amount is to be paid out of the General Fund

Section 2: That the Clerk be and hereby is authorized and directed to forward a certified copy of the within Resolution to the City Manager and Finance Director.

Section 3: That this Resolution shall take effect and be in force from and after the date of its passage.

PASSED THIS 11th DAY OF DECEMBER, 1980.

Resolution No. 1242

Passed July 25, 1978

RESOLUTION ACCEPTING THE LOWEST AND BEST BID FOR THE CITY'S COMPREHENSIVE INSURANCE POLICY

WHEREAS, the City has heretofore solicited proposals for the cost of the City's Comprehensive Insurance Policy; and

WHEREAS, the lowest and best bidder for said insurance policy is Bob Shanesy Insurance Service at a price of \$56,934.00 per year.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF MORaine, OHIO, STATE OF OHIO:

- Section 1. That upon review and consideration and in accordance with the recommendation of the City Manager, this Council does herewith determine that Bob Shanesy Insurance Service is the lowest and best bidder for a price of \$56,934.00 per year in accordance with its bid with exceptions. The City Manager is accordingly authorized to enter into a purchase agreement for said insurance for a one year period commencing July 23, 1978. Said amount is to be paid out of the General Fund.
- Section 2. That the Clerk be and hereby is authorized and directed to forward a certified copy of the within Resolution to the City Manager and Finance Director.
- Section 3. That this Resolution shall take effect and be in force from and after the date of its passage.

A RESOLUTION AWARDING TO THE AUTO OWNERS
MUTUAL INSURANCE COMPANY, AS THE LOWEST
BIDDER, A GENERAL LIABILITY AND FLEET COVER-
AGE FOR VEHICLES AND EQUIPMENT FOR THE CITY
OF MORaine

WHEREAS, the Council did previously authorize the Finance Director of the City of Moraine to solicit bids for a more comprehensive general liability and fleet coverage for the vehicles and equipment and for the premises of the City of Moraine, and

WHEREAS, said bids having been solicited, the same were reviewed and, upon recommendation of the City Manager, it was determined that the Auto Owners Mutual Insurance Company of Lansing, Michigan, through its agent, Robert H. Shanesy, was the lowest and best bidder.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF MORaine, STATE OF OHIO:

Section 1. That the Council does hereby determine, and the said Auto Owners Mutual Insurance Company of Lansing, Michigan is hereby awarded the insurance on the vehicles, equipment and premises of the City of Moraine, which said coverage is designated as comprehensive general liability, including fleet coverage, at a premium of \$3,000.06 for a period of one (1) year.

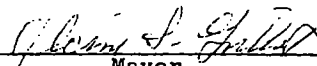

That the said agent for the before-mentioned insurance company is Robert H. Shanesy of 233 East Central Avenue, West Carrollton, Ohio.

Section 2. That the Clerk of the Council be, and hereby is directed to forward a certified copy of this resolution to the City Manager and the Finance Director of the City of Moraine; and to Mr. Robert H. LEGAL NOTICE

Sealed proposals will be received by the City of Moraine, State of Ohio, at the Office of the City Manager, 4200 Dryden Road, until 12:00 o'clock noon, Eastern Standard Time of December 1, 1980, for furnishing all the necessary equipment, labor, and supervision for the collective and disposition of garbage and waste materials from within the City of Moraine for a period of twenty-four (24) months beginning January 1, 1981 and ending December 31, 1982.

Such collection and disposition shall be made not less than one (1) time each week from each residence and business on a certain week day, between the hours of 7:00 o'clock a.m. and 5:00 o'clock p.m. pursuant to the specifications on file in the office of the City Manager.

Alternate proposals will be accepted for a period of thirty-six (36) months beginning January 1, 1981 and ending December 31, 1982.

The City reserves the right to reject any and all bids and to waive any irregularities in the proposal.

Each bid or proposal must contain the full name of each person or company interested in the same and be accompanied by a bond or certified check in the amount of 5% of the bid price for one (1) month's service, made payable to the City of Moraine, Ohio, as a guarantee that if the bid is accepted, a contract will be

entered into and its performance properly secured.

Proposals shall be enclosed in a sealed envelope and marked "Proposal for Garbage and Waste Collection" and addressed to the City Manager of Moraine, Ohio.

GENERAL INSTRUCTIONS TO BIDDER

AND

CONTRACT SPECIFICATIONS

GARBAGE & WASTE COLLECTION

Sealed proposals will be received by the City of Moraine, State of Ohio, at the office of the City Manager, 4200 Dryden Road, Moraine, Ohio 45439, until 12:00 o'clock noon, Eastern Standard Time on December 1, 1980, for furnishing all necessary equipment, labor, material, and supervision for the collection and disposition of garbage and waste material from within the City of Moraine for a period of twenty-four (24) months with an additional twelve (12) month option in accordance with the following specifications:

1. The contractor is cautioned to familiarize himself thoroughly with those specifications and information set forth herewith and also to note carefully any regulations governing hours of work, minimum wage to be paid, insurance requirements, etc., all of which form a part of this proposal and/or contract the same as if they were written herein.
2. Each bid or proposal must be made on the enclosed form and each bid must contain the full name of each person, or company interested in the same and be accompanied by a bond in the sum of five percent (5%) of the bid price for one month's service submitted or a certified check on a solvent bank to the satisfaction of the City Manager as a guarantee that if the bid is accepted, a contract will be entered into and its performance properly secured. Should any bid be rejected, such check or bond will forthwith be returned to the bidder, and should any bid be accepted such check or bond will be returned upon the proper execution or securing of the contract.
3. The price bid shall be a lump sum per month for the twenty-four (24) month period of the contract. The said sum shall be modified if during the term of the agreement, the corporate limits of the City of Moraine should for any reason increase or decrease substantially. The City and contractor will renegotiate the amount to be paid in accordance with the change in the size of the City.
4. The City reserves the right to reject any and all bids, or to waive any technicalities or irregularities in bids as the interest of the City may require. Further the City reserves the right to accept or reject that portion of the bid relating to either Commercial and/or Residential pickup and award separate contracts for Residential and/or Commercial pickups.

5. A bond will be required of the successful bidder in an amount equal to fifty (50%) percent of the amount to be paid under the contract. Said bond shall be conditioned upon the faithful performance of the contract and the full payment of all claims of sub-contractors, material men, and laborers on account of the work covered by the contract. The bond shall be designated "Contract Bond" the surety upon said bond to be a surety company authorized to do business in Ohio.
6. The contractor shall procure and furnish satisfactory evidence that he is keeping in full force and effect during the term of this contract a public liability insurance policy, furnishing claims arising out of the performance of the contract, or in any way connected therewith, in an amount of One Hundred Thousand Dollars (\$100,000) for any one person injured in any accident, and with a total liability of not less than Three Hundred Thousand Dollars (\$300,000) for all persons injured in any one accident, and the amount of Ten Thousand Dollars (\$10,000) for compensation for damage caused to the property of any person other than that belonging to the contractor.

In addition to furnishing the insurance coverage above described, the contractor shall produce satisfactory evidence to the City Manager before starting any work under this contract that all of his employees are protected by Workmen's Compensation under and in accordance with the laws of the State of Ohio, and shall make all premium payments promptly so as to maintain such protection in full force and effect during the term of the contract.

The contractor further agrees that in the event, of any civil liability occurring by reason of this agreement, that he will hold the City of Moraine harmless from any and all claims for damages for any reason whatsoever arising in any manner by reason of the action and conduct, whether negligent or otherwise, on the part of the contractor, and will indemnify and hold harmless the said City from any and all claims, damages and suits, either in law, equity or otherwise. In the event of litigation arising by reason of this agreement as to the actions of the contractor, the City reserves the right to select its own Counsel for its own defense in any negotiations or trial of lawsuits or settlement thereof and the costs of the same shall be paid by the contractor.

7. No contract between the City and the bidder shall be deemed to exist until a fully executed copy thereof has been tendered and/or delivered to the contractor or his duly authorized agent or representative.

8. It is important to the City that the work be done under this contract be performed promptly, consistant with good collection practices, and the City in determining the lowest and best bid will take into consideration the time required for collection fixed by the bidder in his proposal. If the same is in excess of the City's estimated time for completion, the time bid will be considered in determining the lowest and best bid, but not otherwise.

"Working Days" are any days (Saturdays, Sundays, and Legal Holidays excepted) on which the City permits the contractor to work in absence of orders to the contrary, as long as the contract remains in effect.

9. All collections and disposition shall be made not less than one time each week from each residence and business on a certain weekday, between the hours of 7:00 a.m. and 5:00 p.m.
10. The successful bidder shall collect the garbage and refuse from each residence and business within the City of Moraine. The number of containers from each residence will be unlimited and each business will be allowed one (1) four (4) cubic yard dumpster each week. The size of said residential containers shall be no more than thirty (30) gallons and the combined weight of container and contents shall not exceed one hundred (100) pounds.

The containers shall be placed at the curb by the resident before 7:00 a.m. on the day scheduled for pick up in their area.

11. If business or commerical establishments within the Municipality elect to use the dumpster service, the successful bidder shall collect one (1) four (4) cubic yard container at least once a week. If said business requires services more often than once a week, it shall be at the expense of the business. Approximately three hundred twenty-one (321) businesses are now using this service each week. The owner of the business shall provide a suitable location for the container, subject to Municipal approval, and access to the same for collection.
12. It shall be the responsibility of the contractor to furnish and maintain the four (4) cubic yard dumpsters in operable condition that insures the covers will close tightly at all times and that the dumpsters be painted and free from large rust conditions or other unsightly markings.
13. The operations of the contractor shall be in accordance with the ordinances of the City of Moraine, Ohio and the rules and regulations of the Combined General Health District of Montgomery County.
14. No modification of a proposal will be permitted after it has been submitted, but a bidder may withdraw his proposal unopened prior to the time set for the opening of bids upon written request filed with the City of Moraine's City Manager.

15. Proposals must be enclosed in a sealed envelope and marked "Proposal for Garbage and Waste Collection" and addressed to the City Manager of Moraine, Ohio on or before the time named in the advertisement.
16. If the contractor defaults or neglects to perform collections in an orderly manner or at the scheduled time for collections in the manner specified herein or fails to perform any other obligation hereunder, the City may, after seven (7) days written notice to the Contractor and without prejudice to any other remedy it may have, perform the collection service itself and deduct the cost of all its expenses thereof from the payment then or thereafter due contractor or at its option may terminate the contract if any such violations persist for more than two scheduled collections.
17. The City of Moraine requires that all refuse collected under this contract be disposed of at the Montgomery County facilities; and the City will pay all tippage fees to the contractor currently charged for disposal at County facilities and any increase charged by the County for residential garbage and waste within the City of Moraine.

The City of Moraine shall continue to pay tippage fees to the contractor at a rate no higher than those charged by the County for disposal at County facilities for commercial garbage and waste within the City of Moraine as of December 31, 1979.

18. The following is an approximate current listing for pickups in the City:

Residential	2,024 units
Commercial	321 units

3. The price bid shall be a lump sum per month for the twenty-four (24) month period of the contract. The said sum shall be modified if during the term of the agreement, the corporate limits of the City of Moraine should for any reason increase or decrease substantially. The City and contractor will renegotiate the amount to be paid in accordance with the change in the size of the City.
4. The City reserves the right to reject any and all bids, or to waive any technicalities or irregularities in bids as the interest of the City may require.
5. A bond will be required of the successful bidder in an amount equal to fifty (50%) percent of the amount to be paid under the contract. Said bond shall be conditioned upon the faithful performance of the contract and the full payment of all claims of sub-contractors, material men, and laborers on account of the work covered by the contract. The bond shall be designated "Contract Bond" the surety upon said bond to be a surety company authorized to do business in Ohio.

6. The contractor shall procure and furnish satisfactory evidence that he is keeping in full force and effect during the term of this contract a public liability insurance policy, furnishing to himself and the City of Moraine, Ohio, protection against claims arising out of the performance of the contract, or in any way connected therewith, in an amount of One Hundred Thousand Dollars (\$100,000) for any one person injured in any accident, and with a total liability of not less than Three Hundred Thousand Dollars (\$300,000) for all persons injured in any one accident, and the amount of Ten Thousand Dollars (\$10,000) for compensation for damage caused to the property of any person other than that belonging to the contractor.

In addition to furnishing the insurance coverage above described, the contractor shall produce satisfactory evidence to the City Manager before starting any work under this contract that all of his employees are protected by Workmen's Compensation under and in accordance with the laws of the State of Ohio, and shall make all premium payments promptly so as to maintain such protection in full force and effect during the term of the contract.

The contractor further agrees that in the event, of any civil liability occurring by reason of this agreement, that he will hold the City of Moraine harmless from any and all claims for damages for any reason whatsoever arising in any manner by reason of the action and conduct, whether negligent or otherwise, on the part of the contractor, and will indemnify and hold harmless the said City from any and all claims, damages and suits, either in law, equity or otherwise. In the event of litigation arising by reason of this agreement as to the actions of the contractor, the City reserves the right to select its own Counsel for its own defense in any negotiations or trial of lawsuits or settlement thereof and the costs of the same shall be paid by the contractor.

7. No contract between the City and the bidder shall be deemed to exist until a fully executed copy thereof has been tendered and/or delivered to the contractor or his duly authorized agent or representative.
8. It is important to the City that the work be done under this contract be performed promptly, consistent with good collection practices, and the City in determining the lowest and best bid will take into consideration the time required for collection fixed by the bidder in his proposal. If the same is in excess of the City's estimated time for completion, the time bid will be considered in determining the lowest and best bid, but not otherwise.

"Working Days" are any days (Saturdays, Sundays and Legal Holidays excepted) on which the City permits the contractor to work in absence of orders to the contrary, as long as the contract remains in effect.

9. All collections and disposition shall be made not less than one time each week from each residence and business on a certain week

day, between the hours of 7:00 a.m. and 5:00 p.m.

10. The successful bidder shall collect the garbage and refuse from each residence and business within the City of Moraine. The number of containers from each residence will be unlimited and each business will be allowed one (1) four (4) cubic yard dumpster each week. The size of said residential containers shall be no more than thirty (30) gallons and the combined weight of container and contents shall not exceed one hundred (100) pounds.

The containers shall be placed at the curb by the resident before 7:00 a.m. on the day scheduled for pick up in their area.

11. If business or commercial establishments within the Municipality elect to use the dumpster service, the successful bidder shall collect one (1) four (4) cubic yard container at least once a week. If said business requires services more often than once a week, it shall be at the expense of the business. Approximately one hundred (100) businesses are now using this service each week. The owner of the business shall provide a suitable location for the container, subject to Municipal approval, and access to the same for collection.
12. It shall be the responsibility of the contractor to furnish and maintain the four (4) cubic yard dumpsters in operable condition that insures the covers will close tightly at all times and that the dumpsters be painted and free from large rust conditions or other unsightly markings.
13. The operations of the contractor shall be in accordance with the ordinances of the City of Moraine, Ohio and the rules and regulations of the Combined General Health District of Montgomery County.
14. No modification of a proposal will be permitted after it has been submitted, but a bidder may withdraw his proposal unopened prior to the time set for the opening of bids upon written request filed with the City of Moraine's City Manager.
15. Proposals must be enclosed in a sealed envelope and marked "Proposal for Garbage and Waste Collection" and addressed to the City Manager of Moraine, Ohio on or before the time named in the advertisement.
16. If the contractor defaults or neglects to perform collections in an orderly manner or at the scheduled time for collections in the manner specified herein or fails to perform any other obligation hereunder, the City may, after seven (7) days written notice to the Contractor and without prejudice to any other remedy it may have, perform the collection service itself and deduct the cost of all its expenses thereof from the payment then or thereafter due contractor or at its option may terminate the contract if any such violations persist for more than two scheduled collections.
17. The City of Moraine requires that all refuse collected under this contract be disposed of at the Montgomery County South Incinerator and the City will directly pay all tippage fees to Montgomery County.

18. The following is an approximate current listing for pickups in the City:

Residential	2,170 units
Commercial	274 units

GENERAL INSTRUCTIONS TO BIDDERS
AND
CONTRACT SPECIFICATIONS
GARBAGE & WASTE COLLECTION

Sealed proposals will be received by the City of Moraine, State of Ohio, at the office of the City Manager, 4200 Dryden Road, Moraine, Ohio 45439, until 12:00 o'clock noon, Eastern Standard Time on December 29, 1975, for furnishing all necessary equipment, labor, material, and supervision for the collection and disposition of garbage and waste material from within the City of Moraine for a period of twenty-four (24) months in accordance with the following specifications:

1. The contractor is cautioned to familiarize himself thoroughly with these specifications and information set forth herewith and also to note carefully any regulations governing hours of work, minimum wage to be paid, insurance requirements, etc., all of which form a part of this proposal and/or contract the same as if they were written herein.
2. Each bid or proposal must be made on the enclosed form and each bid must contain the full name of each person, or company interested in the same and be accompanied by a bond in the sum of five percent (5%) of the bid price for one month's service submitted or a certified check on a solvent bank to the satisfaction of the City Manager as a guarantee that if the bid is accepted, a contract will be entered into and its performance properly secured. Should any bid be rejected, such check or bond will forthwith be returned to the bidder, and should any bid be accepted such check or bond will be returned upon the proper execution or securing of the contract.
3. The price bid shall be a lump sum per month for the twenty-four (24) month period of the contract. The said sum shall be modified if during the term of the agreement, the corporate limits of the City of Moraine should for any reason increase or decrease substantially. The City and contractor will renegotiate the amount to be paid in accordance with the change in the size of the City.
4. The City reserves the right to reject any and all bids, or to waive any technicalities or irregularities in bids as the interest of the City may require.
5. A bond will be required of the successful bidder in an amount equal to fifty (50%) percent of the amount to be paid under the contract. Said bond shall be conditioned upon the faithful performance of the contract and the full payment of all claims of sub-contractors, material men, and laborers on account of the work covered by the contract. The bond shall be designated "Contract Bond" the surety upon said bond to be a surety company authorized to do business in Ohio.

6. The contractor shall procure and furnish satisfactory evidence that he is keeping in full force and effect during the term of this contract a public liability insurance policy, furnishing to himself and the City of Moraine, Ohio, protection against claims arising out of the performance of the contract, or in any way connected therewith, in an amount of One Hundred Thousand Dollars (\$100,000) for any one person injured in any accident, and with a total liability of not less than Three Hundred Thousand Dollars (\$300,000) for all persons injured in any one accident, and the amount of Ten Thousand Dollars (\$10,000) for compensation for damage caused to the property of any person other than that belonging to the contractor.

In addition to furnishing the insurance coverage above described, the contractor shall produce satisfactory evidence to the City Manager before starting any work under this contract that all of his employees are protected by Workmen's Compensation under and in accordance with the laws of the State of Ohio, and shall make all premium payments promptly so as to maintain such protection in full force and effect during the term of the contract.

The contractor further agrees that in the event, of any civil liability occurring by reason of this agreement, that he will hold the City of Moraine harmless from any and all claims for damages for any reason whatsoever arising in any manner by reason of the action and conduct, whether negligent or otherwise, on the part of the contractor, and will indemnify and hold harmless the said City from any and all claims, damages and suits, either in law, equity or otherwise. In the event of litigation arising by reason of this agreement as to the actions of the contractor, the City reserves the right to select its own Counsel for its own defense in any negotiations or trial of lawsuits or settlement thereof and the costs of the same shall be paid by the contractor.

7. No contract between the City and the bidder shall be deemed to exist until a fully executed copy thereof has been tendered and/or delivered to the contractor or his duly authorized agent or representative.
8. It is important to the City that the work be done under this contract be performed promptly, consistent with good collection practices, and the City in determining the lowest and best bid will take into consideration the time required for collection fixed by the bidder in his proposal. If the same is in excess of the City's estimated time for completion, the time bid will be considered in determining the lowest and best bid, but not otherwise.

"Working Days" are any days (Saturdays, Sundays and Legal Holidays excepted) on which the City permits the contractor to work in absence of orders to the contrary, as long as the contract remains in effect.

9. All collections and disposition shall be made not less than one time each week from each residence and business on a certain week

day, between the hours of 7:00 a.m. and 5:00 p.m.

10. The successful bidder shall collect the garbage and refuse from each residence and business within the City of Moraine. The number of containers from each residence will be unlimited and each business will be allowed one (1) 4 cubic yard dumpster each week. The size of said residential containers shall be no more than thirty (30) gallons and the combined weight of container and contents shall not exceed one hundred (100) pounds.

The containers shall be placed at the curb by the resident before 7:00 a.m. on the day scheduled for pick up in their area.
11. If business or commercial establishments within the Municipality elect to use the dumpster service, the successful bidder shall collect one (1) four (4) cubic yard container at least once a week. If said business requires services more often than once a week, it shall be at the expense of the business. Approximately one hundred (100) businesses are now using this service each week. The owner of the business shall provide a suitable location for the container, subject to Municipal approval, and access to the same for collection.
12. It shall be the responsibility of the contractor to furnish and maintain the four (4) cubic yard dumpsters in operable condition that insures the covers will close tightly at all times and that the dumpsters be painted and free from large rust conditions or other unsightly markings.
13. The operations of the contractor shall be in accordance with the ordinances of the City of Moraine, Ohio and the rules and regulations of the Combined General Health District of Montgomery County.
14. No modification of a proposal will be permitted after it has been submitted, but a bidder may withdraw his proposal unopened prior to the time set for the opening of bids upon written request filed with the City of Moraine's City Manager.
15. Proposals must be enclosed in a sealed envelope and marked "Proposal for Garbage and Waste Collection" and addressed to the City Manager of Moraine, Ohio on or before the time named in the advertisement.
16. If the contractor defaults or neglects to perform collections in an orderly manner or at the scheduled time for collections in the manner specified herein or fails to perform any other obligation hereunder, the City may, after seven (7) days written notice to the Contractor and without prejudice to any

other remedy it may have, perform the collection service itself and deduct the cost of all its expenses thereof from the payment then or thereafter due contractor or at its option may terminate the contract if any such violations persist for more than two scheduled collections.

ALTERNATE PROPOSAL

Alternate proposals will be accepted in accordance with the foregoing specifications for a period of thirty-six (36) months beginning January 1, 1976 and ending December 31, 1978.

Special Note: Due to the lateness of the bid solicitation, the City specifically reserves the right to make the effective commencement date later than January 1, 1976 and to deduct such time postponement from the total consideration due under the contract.

ADDENDUM NO. 1

TO

GARBAGE & WASTE COLLECTION

17. The City of Moraine requires that all refuse collected under this contract be disposed of at the Montgomery County South Incinerator and the City will directly pay all tippage fees to Montgomery County.

INSTRUCTION TO BIDDERS

Re: Garbage and Waste Collection

The following is the current listing for pickups in the City:

Residential	2,170 units
Commercial	200 units

There are presently no large ongoing residential or commercial developments in the City. Ryan Homes has one subdivision (German Village) that will be adding approximately 30-50 homes per year in the next two years.

The City is willing to renegotiate any significant increase or decrease on a year-to-year basis.

Description of violations and recommendations for corrections: An inspection of this facility was conducted on August 11, 1981 to recheck the surface water drainage.

Water was again ponding on the site and backed up in the swaille cut to the off-site leaching pond to the west.

Again, this pond appears to be inadequately sized to handle the run-off and needs to be enlarged.

In addition, more seeding may be necessary this fall.

You are hereby notified of the above violations. Failure to correct these violations within 90 days may result in the revocation, suspension or denial of your solid waste disposal license or other legal action.

If assistance in correcting these violations is desired, contact your Local Health Department and/or district office of the Environmental Protection Agency.

Description of violations and recommendations for corrections: An inspection was made on March 3, 1980 at 5:00 P.M. Since the landfill is no longer receiving solid waste, we did not go onto the site. However, we noted the entrance gate was unlocked and had come off one hinge. This gate shall be repaired and locked when not in use.

In addition, more care should be used to control the mud deposit on Cardington Road.

You are hereby notified of the above violations. Failure to correct these violations within 1 day^s may result in the revocation, suspension or denial of your solid waste disposal license or other legal action.

If assistance in correcting these violations is desired, contact your Local Health Department and/or district office of the Environmental Protection Agency.

Description of violations and recommendations for corrections: September 7, 1979 - 5:30 P.M.
The compactions and covering of solid waste was improved. We
talked with your night man and informed him we would be checking
for complete coverage on Sunday, Sept. 9.

Sept. 9, 1979 @ 3:00 p.m. During this visit we found much of the
solid waste covered with earth. However, there were areas of no
cover, flies, and a mediate odor (lack of complete cover). In
addition, we noted industrial powders that had been uncovered on
the previous Friday.

3745-27-08 (G) Thoroughly compact and cover daily with 6" of
earth (H) Control flies

3745-27-08 (F) Cover solid waste as completely as possible daily.
Make sure everything is covered when closing on
Saturday evening. (I) (2) Eliminate the standing
water in the old maintenance building pot hole
(Time limit for this item only - 7 days)

You are hereby notified of the above violations. Failure to correct these violations within 1 days may result in the revocation, suspension or denial of your solid waste disposal license or other legal action.

If assistance in correcting these violations is desired, contact your Local Health Department and/or district office of the Environmental Protection Agency.

A G R E E M E N T

This agreement made and entered into this 12th day of December 1980, by and between the CITY OF MORaine, OHIO, herein designated as "CITY", and DEMPSEY TRUCKING COMPANY INCORPORATED, 2860 Ome Avenue, Dayton, Ohio herein designated as "CONTRACTOR".

W I T N E S S E T H

CONTRACTOR shall furnish all necessary equipment, labor, materials and supervision for the collection and disposition of garbage and waste materials from within the City of Moraine, Ohio for the disposal of commercial refuse within the City of Moraine, Ohio for a period of thirty-six (36) months, commencing January 1, 1981 and ending December 31, 1983.

All provisions contained in the Legal Notice to Bidders, General Instructions to Bidders and Contract Specifications for Addendum No. 1 and Contractor's Bid Proposal, together with all Ordinances, resolutions and regulations of the City of Moraine and the Montgomery County Board of Health, pertinent to the collection and disposition of garbage and waste materials and the rules and regulations of the City of Moraine are hereby embodied as part of this agreement as though they were attached hereto.

In consideration of the performance of the services to be supplied by CONTRACTOR to the CITY in a good and workmanlike fashion, and all in accordance with aforementioned Legal Notice, General Instructions to Bidders, Contract Specifications, bidder's proposal of December 1, 1980, and the within contract, including the requirements of a bid and proposal bond, performance bond, and exhibition of proof of insurance, the CITY agrees to pay the sum of SEVEN THOUSAND TWO HUNDRED SEVENTY SEVEN DOLLARS AND 07/100 (\$7,277.07) for a period of THIRTY-SIX (36) MONTHS. Said sum shall be paid upon monthly invoices rendered to the City Manager.

In addition to the before-mentioned services and compensation therefor, and in accordance with Item 11 and 12 of the General Instructions to Bidders and Contract Specifications, CONTRACTOR shall furnish up to a four yard container and collection and disposal of the contents thereof at least once each week to places of business within the

City of Moraine. The City upon invoice submitted to the City Manager, shall pay to the CONTRACTOR for each such four yard container the sum of TWENTY TWO DOLLARS 67/100 (\$22.67) per month, for a total of TWO HUNDRED ^{SEVENTY} TWO DOLLARS and 04/100 per year for each container. (the total sum of which shall not exceed (\$7,277.07 per month) Should any such business require service more often than once a week or a container in excess of four yards, such additional services shall be at the expense of the business and not at the expense of the CITY.

The within agreement having been authorized by resolution of the Council of the City of Moraine, being Resolution #1550 adopted December 11, 1980.

IN WITNESS WHEREOF, the parties to this agreement have hereinto set their hands the day and year first herein written.

A G R E E M E N T

This agreement made and entered into this 8th day of January, 1976, by and between the CITY OF MORaine, OHIO, herein designated as "CITY", and KOOCLEER-SUBURBAN REFUSE REMOVAL CO., 4080 Industrial Lane, Dayton, Ohio 45430, herein designated as "CONTRACTOR".

W I T N E S S E T H:

CONTRACTOR shall furnish all necessary equipment, labor, materials and supervision for the collection and disposition of garbage and waste materials from within the City of Moraine, Ohio for a period of twenty-four (24) months, commencing January, 1976 and ending December 31, 1978.

Said services to be rendered by CONTRACTOR shall include all collection and disposal of said garbage and waste materials from all residence and business establishments in said City of Moraine.

Said collection and disposition shall be made not less than one (1) time each week from each residence and business on a certain day of each week between the hours of 7:00 a.m. and 5:00 p.m., pursuant to the specifications on file in the Office of the City Manager.

All provisions contained in the Legal Notice to Bidders, General Instructions to Bidders and Contract Specifications for *Refuse Removal and Contract's B & Proposal* *etc* Garbage and Waste Collection, together with all ordinances, resolutions and regulations of the City of Moraine and the Montgomery County Board of Health, pertinent to the collection and disposition of garbage and waste materials and the rules and regulations of the City Manager are hereby embodied as a part of this agreement as though they were attached hereto.

In consideration of the performance of the services to be supplied by CONTRACTOR to the CITY in a good and workmanlike fashion, and all in accordance with the aforementioned Legal Notice, General Instructions to Bidders, Contract Specifications, bidder's proposal of *December 29, 1975* *016* *L*, and the within contract, including the requirements of a bid and proposal bond, performance bond, and exhibition of proof of insurance, the CITY agrees to pay the sum of TWO THOUSAND FIVE HUNDRED THIRTY EIGHT AND 90/100 (\$2,538.90) DOLLARS for a total sum of SIXTY THOUSAND NINE HUNDRED THIRTY THREE AND 60/100 (\$60,933.60) DOLLARS for a period of TWENTY-FOUR (24) months. Said sum shall be paid upon monthly invoices rendered to the City Manager.

In addition to the before-mentioned services and compensation therefor, and in accordance with Item *11 & 12* *016* *L* of the General Instructions to Bidders and Contract Specifications, CONTRACTOR shall furnish up to a four yard container and collection and disposal of the contents thereof at least once each week to places of business within the City of Moraine, and for said additional service and in addition to the aforementioned sum of TWO THOUSAND FIVE HUNDRED THIRTY EIGHT AND 90/100 (\$2,538.90) DOLLARS per month, the CITY, upon invoice submitted to the City Manager, shall pay to the CONTRACTOR for each such four yard container the sum of FIFTEEN AND NO/100 (\$15.00) DOLLARS per month, for a total of ONE HUNDRED EIGHTY AND NO/100 (\$180.00) DOLLARS per year for each container. Should any such business require service more often than once a week or a container in excess of four yards, such additional service shall be at the expense of the business and not at the expense of the CITY.

The within agreement having been authorized by resolution of the Council of the City of Moraine, being Resolution No. 950 adopted December 30, 1975.

Traffic Signal Equipment	Eagle Signal	\$ 37,761.30

Section 2. The City Manager is accordingly authorized to enter into separate agreements with said respective bidders for the respective amounts

This agreement made and entered into this 12th Day of December, 1980, by and between the CITY OF MORaine, OHIO, herein designated as "CITY," and BLAYLOCK TRUCKING COMPANY INCORPORATED, 2828 Bertwynn Drive, Dayton, Ohio 45439, herein designated as "CONTRACTOR."

W I T N E S S E T H

CONTRACTOR shall furnish all necessary equipment, labor, materials and supervision for the collection and disposition of residential garbage and waste materials from within the City of Moraine, Ohio for a period of thirty-six (36) months, commencing January 1, 1981 and ending December 31, 1983.

Said services to be rendered by CONTRACTOR shall include all collection and disposal of said garbage and waste materials from all residence in said City of Moraine.

Said collection and disposition shall be made not less than one (1) time each week from each residence on a certain day of each day of each week between the hours of 7:00 s.m. and 5:00 p.m., pursuant to the specifications on file in the office of the City Manager.

All provisions contained in the Legal Notice to Bidders, General instructions to Bidders and Contract Specifications for Addendum No.1 and Contractor's Bid Proposal, together with all ordinances, resolutions and regulations of the City of Moraine and the Montgomery County Board of Health, pertinent to the collection and disposition of garbage and waste materials and the rules and regulations of the City Manager are hereby embodied as part of this agreement as though they were attached hereto.

In consideration of the performance of the services to be supplied by CONTRACTOR to the CITY in a good and workmanlike fashion, and all in accordance with aforementioned Legal Notice, General Instructions to Bidders, Contract Specifications, bidder's proposal of December 1, 1981, and the within contract, including the requirements of a bid and proposal bond, performance bond, and exhibition of proof of insurance, the City agrees to pay the sum of FOUR THOUSAND THREE HUNDRED NINETY-TWO DOLLARS (\$4,392.00) monthly for a period of 24 months and payment of FOUR THOUSAND FIVE HUNDRED NINETY-FIVE DOLLARS (\$4,595.00) for the remaining 12 months of the contract for a total sum of ONE HUNDRED SIXTY THOUSAND FIVE HUNDRED FORTY-EIGHT DOLLARS (\$160,548.00) for a period of THIRTY-SIX (36) MONTHS. Said sum shall be paid upon monthly invoices rendered to the City Manager.

The within agreement having been authorized by resolution of the Council of the City of Moraine, being Resolution # 1549 adopted 12/11/80.

Description of violations and recommendations for corrections:

3745-27-08 (C) - Put solid waste at the back of the Snyder block parking lot into the landfill. Limit the access from this lot into the landfill.

3745-27-08 (G) - Control odor production by:

1. Cover the fermenting leachate west of the entrance road. These pools are located about 1/2 way between the fuel truck and the working face of the fill.
2. Apply lime to the leachate surrounding the old maintenance garage foundation. Fill in the bottom of this hole as rapidly as possible to cover the exposed leachate.
3. Continue to complete covering all solid waste with at least 6" of earth each day.

cc: Mr. Rod Christian
Mr. Jim Cleary
Mr. Joe Moore

You are hereby notified of the above violations. Failure to correct these violations within 2 days may result in the revocation, suspension or denial of your solid waste disposal license or other legal action.

If assistance in correcting these violations is desired, contact your Local Health Department and/or district office of the Environmental Protection Agency.

Description of violations and recommendations for corrections:

3745-27-08 (B) - Continually control the dust on the access road by correctly applying oil or chloride as necessary. This item has been mentioned on several recent inspection reports.

- 3745-27-09 (C)
- (1) Repair the leaking piping beneath the fuel tank truck. The steady stream of fuel to the ground surface not only presented a fire hazard but it was also wasting a valuable resource.
 - (2) We noted that the asbestos dust was again being poorly handled. Exposed asbestos dust was spread over a large area. See letter dated July 11, 1979 to John Gedart for necessary repairs.
 - (3) If sewage tanks are temporarily stored on the landfill site, they must be tightly sealed. (During our visit one of your men did secure the leaking drain - and the following day lime was applied to the odoriferous liquid). The drivers should be trained to not only close the valve before filling, but also when the container is set off the truck. The best procedure would be to empty the container before temporary storage.

You are hereby notified of the above violations. Failure to correct these violations within 5 days may result in the revocation, suspension or denial of your solid waste disposal license or other legal action.

If assistance in correcting these violations is desired, contact your Local Health Department and/or district office of the Environmental Protection Agency.

Description of violations and recommendations for corrections: 3745-27-08 (I) Asbestos was still exposed in the early afternoon and the bag was badly ruptured. Again, we must insist that the asbestos be correctly handled with care and covered with earth to insure minimum human exposure.

3745-27-09 (F) 1. Several areas of solid waste (along the road and adjacent to the road) had been left uncovered for the past week. All solid waste shall be covered with earth every 24 hours.

You are hereby notified of the above violations. Failure to correct these violations within _____ days may result in the revocation, suspension or denial of your solid waste disposal license or other legal action.

If assistance in correcting these violations is desired, contact your Local Health Department and/or district office of the Environmental Protection Agency.

Description of violations and recommendations for corrections: 3745-27-09 (F) (1) On February 9 and February

11 we found the solid waste again was uncovered. All solid waste must be compacted
and covered with 6" of earth each day.

We were pleased to learn that you have secured additional cover material and a
huge truck for transport. However, it has not been used yet. We realize the
weather has been bad, but the need for daily cover still exists.

We were pleased with Mr. Cleary's promise on February 15 to do every thing
possible to reinstitute daily cover.

NOTE: The asbestos handling is apparently satisfactory. No exposed or damaged
bags were noted on either visit. Good work!

You are hereby notified of the above violations. Failure to correct these violations within 1 days may result in the revocation, suspension or denial of your solid waste disposal license or other legal action.

If assistance in correcting these violations is desired, contact your Local Health Department and/or district office of the Environmental Protection Agency.

Description of violations and recommendations for corrections: 3745-27-8 (1) We again found the site was not prepared to accept the asbestos. A hole should be dug each afternoon before closing to accept the asbestos. The ramp into the hole should be graded enough for the truck to get in and out. Care should be exercised in marking this hole to prevent premature filling with other waste.

3745-27-09 (F) (1) Cover the exposed solid waste in the NE corner of the landfill with at least 2' of earth. (If the weather turns bad, the seven day time limit will be extended).

Note: The daily covering of this solid waste in the active portion of the fill is much better. Providing cover on completed portion has helped.

You are hereby notified of the above violations. Failure to correct these violations within 7 days may result in the revocation, suspension or denial of your solid waste disposal license or other legal action.

If assistance in correcting these violations is desired, contact your Local Health Department and/or district office of the Environmental Protection Agency.

Description of violations and recommendations for corrections:

EP-20-08

- F) The landfill had an accumulation of scattered papers please police area daily.
- G) A very bad odor was noticed. This was probably due to either not daily covering or not enough covering (at least 6 inches). Please correct this.

EP-20-09

- F-1) Again an odor was noticed, this might be due to not enough covering. Correct this.

You are hereby notified of the above violations. Failure to correct these violations within 7 days may result in the revocation, suspension or denial of your solid waste disposal license or other legal action.

If assistance in correcting these violations is desired, contact your Local Health Department and / or the district office of the Ohio Environmental Protection Agency.

Description of violations and recommendations for corrections: EP-20-08 (P) Repair equipment as necessary to insure adequate compaction and cover of all solid waste daily EP-20-09 (F) (1) Insure that all solid waste is covered with at least 6" of earth daily.

NOTE: During our phone conversation with John Gedhart on July 5, we learned of the multiple equipment IWD has been experiencing. He assured us at that time that the equipment would be repaired as rapidly as possible and daily cover would be provided.

EP-20-08 (A) The storm seepage pit is still restricting the completion of the N portion of the landfill. We understand you have been having difficulty. However, the storm water sump must not continue in this location. Within the next thirty (30) days plans for this change shall be prepared. Construction shall be completed within sixty (60) days. We will be happy to help if we can. As you remember the OEPA has determined that any solution constructed off the landfill site is under the control of the cities of Moraine and Kettering not the OEPA or this office. cc: Joe Moore

You are hereby notified of the above violations. Failure to correct these violations within 2 days may result in the revocation, suspension or denial of your solid waste disposal license or other legal action. (EP-20-08 (P) & EP-20-09 (F) (1))

REMARKS:

At approximately 2:15 P.M., on September 23, 1974, inspected above
named landfill.

On arrival, contacted Gayle Boldman, a new employee, who replaced
Findley Turner.

Checked dump site and observed 5 trucks dumping approved loads.

Received one daily log sheet, which is attached to this report.

No violations observed.

COMMENTS AND RECOMMENDATIONS:

Solid waste daily logs of operation have been received up to the date of September 23, 1972.

Inspections of the above landfill operation were made on July 11, 28, August 2, 7, 14, September 21, 29, October 5, and 17, 1972.

On October 17 it was noted that there was exposed debris on the eastern perimeter of the landfill. This is to be covered within one day of receipt of this report. Such debris is to be covered on a daily basis as described by the Solid Waste Disposal Act regulations.

Date October 18, 1972

STATEMENT OF FACT

RE: SOUTH SANITARY LANDFILL

From 10:15 a.m. to 11:05 a.m. on 5-10-73, I observed the above named landfill. Reference - garbage trucks dumping at this location.

At approx. 10:26 a.m., date, a White Mack garbage truck packer type, license #13C647, and driver by one John Messer, was observed entering the landfill. I followed this truck to dump site and four photographs were taken.

The driver J. Messer was asked for a rejection slip from South Incinerator. He stated he did not have a rejection slip.

The following is a list of time, company names and license numbers of trucks observed entering landfill in this survey.

1. 10:15 a.m. - Chev Trk. - lic. # 19329 drag on - I.W.D.
2. 10:20 a.m. - " - lic. # 22A75 " " - I.W.D.
3. 10:25 a.m. - " - lic. # 22B25 " " - I.W.D.
4. 10:26 a.m. - Mack Trk. - lic. # 13C647 Packer-Blaylock
5. 10:50 a.m. - Ford Trk. - lic. # 13C646 " "
6. 10:51 a.m. - " " - lic. # 13C644 " "
7. 10:55 a.m. - Intern'l - lic. # 18B590 Front End Loader-Blaylock
8. 10:59 a.m. - Ford Trk. - lic. # 15C547 Packer-Blaylock
9. 11:01 a.m. - Ford Trk. - lic. # 13C645 Packer-Blaylock

STATEMENT OF FACT
RE: SOUTH SANITARY LANDFILL

At approx. 11:00 a.m. on 5/9/73, I was making a survey of South Sanitary Landfill, Cardington Rd. reference trash trucks taking trash and garbage to the North Incinerator while the South Incinerator is closed for repairs.

At approx. 11:13 a.m., this date, I stopped a Blaylock garbage truck, white international, license #13C674, at the entrance to South Sanitary Landfill, the driver, one John Messer, was ask why the truck was not going to North Incinerator, He stated he had orders from his boss, Ted Henderson. The truck entered the landfill and dumped the load.

At approx. 11:27 a.m., this date, another Blaylock garbage truck, license #13C646, #38, and driver by one, Ronald Banks, was stopped at the entrance to landfill and he also stated he had orders from his boss, to dump at this landfill. Two photographs were taken from the westside of landfill of this truck dumping. Also observed a green Chev Truck license #18C99, a drag on unit leaving landfill undetermined type material unloaded. This survey was made between 11:00 a.m. and 11:40 a.m. on 5/9/73.

COMMENTS AND RECOMMENDATIONS:

- A.** It is required that rejection slips be obtained for each load of solid waste that is accepted at the landfill and not acceptable at the Montgomery County incinerator. Effective immediately.
- C.** It is required that all debris scattered along the access road and other areas be gathered and buried in the current working area within five (5) days from the date of this report.
- F.** It is required that all solid waste be covered daily by fill material not less than six (6) inches in depth. Periodic inspections will be made after 5:00 P.M. to determine if this violation still exists.

COMMENTS AND RECOMMENDATIONS:

Inspections of the above landfill were made on December 27, 28, and 30, 1971. Also,
during the month of January 1972, the landfill was inspected on the dates of January 5, 10,
and 18.

The following corrections are required within seven days of receipt of this report.

1. Pick up and bury all paper which has littered the area west of the intersection
of Lance Drive and Bowman Lane.
2. Remove the waste materials from the sides of the pit at the location directly
west of the end of Bowman Lane, and mound up dirt or provide a fence to restrict
people from dumping illegally over the edge of the pit, as discussed in our
telephone conversation during the month of January, 1972.

Solid waste disposal daily logs of operation have been received up to and including the
day of January 3, 1972. I will periodically stop by your landfill office and pick up these
log sheets unless advised differently. (over)

COMMENTS AND RECOMMENDATIONS:

The undersigned sanitarian made inspections of your landfill on October 26, 28, and 29, and on November 1, and 4, 1971.

Items listed on the previous report have been corrected. A satisfactory operation was observed on November 4, 1971. Solid waste disposal daily logs of operation have been received up to the date of October 26, 1971.

COMMENTS AND RECOMMENDATIONS:

Inspections were made of the above landfill site on December 3, 10, 13, 14, 20, and 22
of 1971.

The following corrections are required to be made within seven (7) days of receipt of
this report:

1. Pick up and bury all paper which has littered the area west of the intersection of
Lance Drive and Bowman Lane.
2. Remove waste materials from the sides of the pit which have been illegally dumped
there and bury them.

COMMENTS AND RECOMMENDATIONS:

Inspections of the above landfill operation were made on September 17, and 28, and on October 7, 12, and 19, 1971. Daily logs of operations are being received and are up to date to the date of October 9, 1971.

We still have a problem of exposed debris outside of the current working area of the landfill. An intermediate cover of at least 6 inches of fill dirt is required to be applied to all of these areas. When this is completed, the surrounding area will look like barren agricultural land. Also, a small amount of miscellaneous junk items were seen along the access road on October 19, 1971. Cleaning up of junk items along the access road and covering of all exposed debris is required to be completed by October 29, 1971. A reinspection will be made on that date. If there are any questions concerning the report, please call our office. Telephone number 224-9114, extension 7108.

Dayton, Ohio 45409

Attn: Mr. Lewis Blaylock

RE: Sanitary Landfill Inc.
1855 Cardington Road
Dayton, Ohio 45409

Dear Mr. Blaylock:

Representatives of our health department observed on Friday, September 24, 1971, one refuse truck belonging to Industrial Waste Disposal Co. and one belonging to Container Service Corporation dumping loads of combustible solid waste at the above landfill site.

According to the conditions of operations for your landfill, only non-combustible solid waste, or combustible solid waste that has been rejected by the Montgomery County Incinerators may be disposed of at the landfill site.

This letter is to be considered an official order from this health department to immediately cease the practice of accepting loads of combustible solid waste.

If you have questions concerning this letter, please feel free to call on us.

Sincerely,

John H. Bindeman, Supervisor
Bureau of General Services

COMMENTS AND RECOMMENDATIONS:

Inspections of the above landfill were made on November 9, 11, 15, 23, 29, and 30, 1971. Daily logs of operation have been received up to the date of November 29, 1971.

On December 13, 1971, your landfill will be inspected by our department and by a representative from the Ohio Department of Health who will be reviewing our solid waste program. We would appreciate your cooperation in correcting all minor operating deficiencies so that the landfill operation will be in top notch condition by December 13, 1971.

The following recommendations are made for improving the general appearance and general operation of the landfill:

1. Reduce the size of the working area and cover all exposed refuse, so that the area surrounding the current operating area looks like barren agricultural land.
2. Clean up the small amount of junk items along the access road.
3. Clean up the illegally dumped refuse from the side of the pit west of the intersection of Lance Drive and Bowman Lane, and limit access to this dumping area by mounding up dirt (over)

RE: Sanitary Landfill
Cardington Road

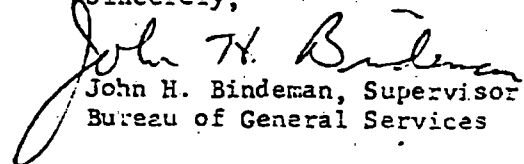

Dear Mr. Blaylock:

Your license to operate a sanitary landfill expires December 31, 1971. In accordance with Section 3734.05, Ohio Revised Code, your application to operate a sanitary landfill in 1972 must be submitted to this department before December 31, 1971. A license fee of \$500 must accompany your application.

For your convenience, an application form has been enclosed. Why not complete the application and return it now, before it slips your mind.

If you have any questions, feel free to call us at 224-9114, extension 7101.

Sincerely,

John H. Bindeman, Supervisor

--	---	--

COMMENTS AND RECOMMENDATIONS:

Inspections of the above landfill operation were made on August 23, 1971, September 1, 10, and 14, 1971.

Daily logs of operation are being received and are up to date.

All areas, other than the current area of operation, which are littered with exposed debris are required to be covered with at least 6" of fill dirt. The surrounding area is required to be completely covered with fill dirt, so that no exposed debris is visible. The surrounding area should look like barren agricultural land. The area surrounding the current area of operation is required to be completely covered with fill material within 7 days of receipt of this report.

Inspections of the above landfill site were made on May 18, and May 25, 1971, June 2, June 7, June 15, and June 18, 1971,

On June 18, 1971, it was noticed that about two small truck loads of miscellaneous refuse, junk items, tires, etc. had fallen off of trucks along your access road.

We must require that these items be picked up and buried in your area of current operation within seven days of receipt of this report.

COMMENTS AND RECOMMENDATIONS:

Inspections of the above landfill site were made on March 26, 29, and 31, April 1,
5, 6, 12, 15, and 26, and on May 3, 1971.

On May 3, 1971, it was noted that corrections of blowing paper violations have
been made as noted on previous reports.

Solid waste disposal log sheets have been received up till the date of April 26, 1971.

--	--	--

COMMENTS AND RECOMMENDATIONS:

Inspections of the above landfill site were made on March 15, 16, 18, 19, and 25, 1971.

On March 19, and March 25, 1971, large amounts of blowing papers were observed northwest of the intersection of Lance Drive and Bowman Lane. In addition, some blowing papers were seen in areas adjacent to the current area of operation and along the access road.

We must require that all blowing papers in areas adjacent to the area of current operation be collected and buried in the area of current operation within seven (7) days of receipt of this report.

Good landfill management requires a regular program of blowing paper collection and burial in the current operating area. A person should be employed for this purpose several days a week if necessary.

COMMENTS AND RECOMMENDATIONS:

Inspection of the above landfill site was made on February 25, March 2, 3, 4, 8, 9, 11, and 12 of 1971.

Some blowing papers were observed along the access road in several locations on March 12, 1971. This paper blew out of trucks which were not properly covered with a tarpaulin or other covering device.

We require that all blowing paper along the access road be collected and buried in the area of current landfilling within one week of receipt of this report.

--	--	--

COMMENTS AND RECOMMENDATIONS:

Inspections of the above landfill site were made on January 27, February 1, and February 5, 1971.

Solid waste daily logs of operation have been received for the period of January 2, 1971 to January 29, 1971 for the above operation.

The landfill was being operated in a satisfactory manner on the above inspection dates. On February 5, work was in progress to improve the stability of the access road to the dumping area. We recommend that more gravel be applied to the access road to eliminate soft spots which occur during thawing weather.

All papers at the old landfill site north of Dorothy Lane which are on the surface of the ground are required to be collected and buried in the area of your current operation north of Cardington Road. This is required to be done within seven days of receipt of this report. The old landfill area is required to present a neat attractive appearance free of all blowing papers.

COMMENTS AND RECOMMENDATIONS:

Inspections of the above landfill site were made on February 9, 10, 12, 16, 17, and 22, of 1971.

Metal salvage items should be confined to the smallest area possible in one pile away from the current area of operation and hauled away periodically to maintain the landfill area free of clutter.

All papers at your old landfill site north of Dorothy Lane are required to be collected and buried in the area of your current operation north of Cardington Road within seven (7) days of receipt of this report. We are extending the time by seven days for completing this task, as the old landfill has recently been covered with snow.

Sanitary Landfill Company
Plans Received November 25, 1970

January 5, 1971

To Mr. Lewis Blaylock
8753 Clio Road
Dayton, Ohio 45459

Gentlemen:

You are hereby notified that the Ohio Department of Health in accordance with the provisions of Section 3734.02, Ohio Revised Code, has this day approved the plans of the referenced project subject to the following conditions:

That the owner shall provide for the proper maintenance and operation of the solid waste disposal site or facility in accordance with the provisions of Regulations HE-24-01 to HE-24-12, Ohio Sanitary Code;

That the specifications and approved plans shall be adhered to;

That no volatile hydrocarbons, soluble chemicals, toxic or objectionable liquids be accepted for disposal.

That the Ohio Department of Health shall be notified when the proposed facilities are completed and prior to operation.

This approval is limited to conformity with accepted sanitary engineering practices and to the elimination of other conditions that may adversely affect the public health.

Please acknowledge receipt of this letter and state your acceptance of the conditions imposed.

SOLID WASTE DISPOSAL FACILITY DATA SHEET

PLEASE NOTE: Plans, specification or information sheets, letters of acknowledgement and/or transmittal, and any other information must be submitted in quadruplicate. Please complete every item on this form correctly so that the plans may be processed without unnecessary delay. The submittal must be in full compliance with the Regulations found in Chapter HB-24; Ohio Sanitary Code.

Name of Facility Sanitary Landfill Company Address 1855 Cardington Road, Dayton, Ohio
City or Township Moraine, Ohio County Montgomery
Exact location Map enclosed.

Type of Facility: Landfill; X Incinerator; Composting; or
 combination of

Owner <u>Lewis Blaylock</u>	Designer <u>D & D Surveying Company</u>
<u>3753 Clay Road</u>	<u>513 Stroop Road</u>
<u>Street, R.D.#, or Box #</u>	<u>Street, R.D.#, or Box #</u>
<u>Dayton, Ohio 45459</u>	<u>Dayton Ohio 45429</u>
<u>City State Zip</u>	<u>City State Zip</u>
	Reg. Engr. <u> </u> Surveyor <u> X </u>

ARE THE FOLLOWING ITEMS SHOWN, IN DETAIL, ON THE PLANS (?):

- A. Vicinity map.
- X B. Location of public roadways (access roads), communities, habitable buildings, etc., that are on or about the site.
- C. Clearly defined limits of all land owned or leased by the owner for this project.
- D. Drawings or maps showing existing and final topography (Scale: maximum 1 inch = 200 feet and contour intervals not greater than 5 feet.)
- E. Clearly defined limits of all land to be used for disposal purposes.

- F. Clearly defined inclement weather areas.
- G. Any areas that are to be reserved for unusual or specific wastes.
- X H. Cross section (typical) and location of all on-site roads.
- I. Location of any public or private water supply well within 1,000 feet of the outer limits of the fill area.
- J. Longitudinal cross section of a completed cell.
- X K. All fencing, gates and natural screening on or about the facility. Gates and fencing may be required to control access to site or facility.
- X L. The location of any existing or proposed maintenance building, weighing facilities, storage buildings, employee usage buildings, etc.
- X M. An indication of the direction of flow and point of concentration of all surface waters on the site.
- NOTE: This indication must include, where applicable, drainage plans showing:
1. Grades
 2. Diversion trenches.
 3. Special drainage devices to be used for the control of:
 - a. Surface erosion.
 - b. Disposition of underground waters outletting within the confines of the site.
- X N. Location of existing and proposed utilities including water supply, sewerage, electricity, gas, telephone or other means of communication, etc.
-

1. ARE THE FOLLOWING INCLUDED (?):

- / A. Letter of submittal from owner.
- X B. Letters of acknowledgement or acceptance from:
1. Local Health Department,*
 2. Local Zoning Board,*
 3. Local Planning Commission,*
 4. District Engineer's site approval,
 5. Department of Natural Resources Geologist, if requested in District Engineer's site letter,
 6. Any other agency having jurisdiction.
- *NOTE: Such letters must indicate knowledge of proposed operation and whether such operation is in conformance with existing policies, regulations, and land use plans.
- X C. Description of daily operation of site or facility including unloading of solid wastes from transportation vehicles, on-site handling of wastes, traffic pattern and actual disposal method.
- NOTE: This item is extremely important. It may be shown on plans with notes or in a narrative description.

- X D. Description of systematic usage of area and completion of landfill areas.
- X E. Description of how the area surrounding the sanitary landfill will be blended in with the finished fill area(s). NOTE: Will there be enough fill or cover material available?
- F. Information indicating soil characteristics, depth to rock and depth to maximum elevation of ground water saturation, including reports from other agencies, if requested by District Engineer.
- G. Other information pertinent to the proper operation of a solid waste disposal site or facility in accordance with HE-24-09.

II. PLEASE ANSWER THE FOLLOWING QUESTIONS:

- A. How many wells are within:
1. 1,000 feet of the landfill area? *On drawing*
 2. 1,500 feet of the landfill area?
 3. 2,000 feet of the landfill area?
- B. Source of cover material will be from From pit area
- C. Type of cover material will be sand and gravel
- D. Quantity of cover material is no limit cu. yds.
- E. The following utilities will be on the landfill (please check):
- | | |
|---|--|
| 1. Water <u>X</u> | 4. Gas <u> </u> |
| 2. Sewerage <u> </u> | 5. Telephone <u>X</u> |
| 3. Electricity <u>X</u> | 6. Other means of communications <u> </u> |
- F. Briefly describe, where applicable, the measures that will be utilized for:
1. Dust control Water and oil
 2. Erosion control Compaction
 3. Control of blowing debris Fence

4. Fire protection, fire prevention, and fire control dirt and City water
5. Salvaging control none
6. Burning control; this to include permission letter from your local health department if any burning is to take place none
7. Fully describe the equipment that will be used to prepare, operate and maintain this facility, include types and weights
D 6 Catapiller approx weight 48,000
777 front end loader Approx weight 36,000
711 front end loader Approx weight 36,000
D 6 Dozer Approx Weight 36,000
3- D110 dirt haulers -1 random dump truck
8. What is the specific availability of stand-by equipment? NOTE: This requirement may be fulfilled by lease arrangements or by owning surplus equipment.
surplus equipment
9. What is the maximum period of equipment down time planned before stand-by equipment will be placed in service? List each piece of equipment separately as given in III-C.
D 5 Catapiller - no down time expected, maintain daily
777 front end loader - no down time expected, maintain daily
711 front end loader surplus
D 6 dozer surplus
10. What is the intended use of the land, if any, during the operation of the landfill?
none
11. What is the intended use of the land after the completion of the landfill operation?
this would be up to owner of land.
12. What type maintenance is planned for the completed fill areas during periods of settlement and erosion? owner will probably seed land.
13. What types and quantities of solid wastes are anticipated to be received; i.e., "community type" wastes, dry industrial wastes, toxic or hazardous wastes, etc?
All types.

- N. What is the anticipated lifetime of the project. 6 years.
O. The estimated cost of this project, including equipment is \$ 100,000.00.

District Sanitary Engineer*

Dear Mr. Knauer:

Find enclosed drawing and application to operate a Sanitary Landfill, on the north side of Cardington Road, hoping you will find all that is, needed to meet your requirements.

The traffic into Landfill will be handled as such; First the trucks must stop at office, where they receive ticket for dumping, and are instructed to proceed to dumping site, where the bull-dozier operator, tells them where to dump debris. This debris is constantly being compacted by operator, during the day with the bull-dozier, and at the end of days dumping, this debris is covered by at least six (6) inches of dirt.

Re: Sanitary Landfill Company
1855 Cardington Road
Dayton, Ohio 45409

Dear Mr. Knauer:

Mr. Lewis Blaylock has made a request to our office to establish a new sanitary landfill on lot 3014 of the City of Moraine. We have inspected this old gravel pit and discussed with Mr. Blaylock how he plans to operate his landfill on this site. We have also reviewed his plans, as submitted by D & D Survey Company dated October, 1970. We have no objection to the operation of a correctly operated sanitary landfill by Mr. Blaylock on this site.

If you have questions concerning this letter or if we may be of further assistance, please feel free to call on us.

Sincerely yours,

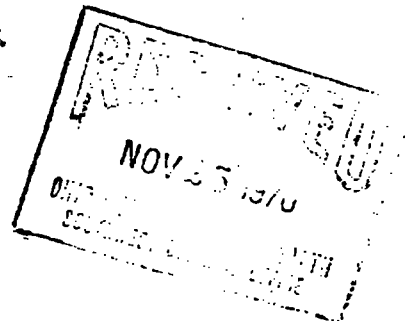

ROBERT A. VOGEL, M. D.,
Health Commissioner

Attention: Lewis Blaylock

Dear Sir:

This is to advise you that the land known as Lot #3014, City of Moraine, at 1855 Cardington Drive, is zoned M-2, General Industrial.

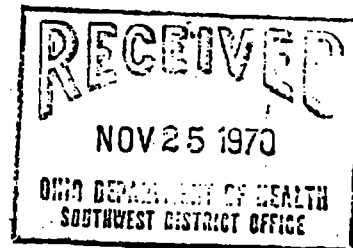

This classification permits the use of the tract for a landfill, providing the proper permits are obtained from the City of Moraine and the Montgomery County Board of Health.

Very truly yours,

August 31, 1970

Mr. Lewis Blaylock
Sanitary Landfill Incorporated
2451 W. Dorothy Lane
Dayton, Ohio 45439

Dear Mr. Blaylock:

On August 28, 1970, a representative of this office accompanied by Mr. John Sandman, sanitarian, Montgomery County Health Department met with you and together we reviewed the site of your proposed landfill operation.

This tract of ground is located approximately 1,000 feet west of Old South Dixie Highway and is on the north side of Cardington Avenue. It would comprise an area of about 25 acres in size of irregular shape. This area is worked-out gravel pit and the land is owned by the Snyder Company. The land is at high elevation and no ground water is evident in any portion of the pit.

The main entrance roadway is to be off of Cardington Avenue and the entrance office building and roadway will begin at this point and extend in a northerly direction to the point of operation.

The engineering drawings of this area must be prepared by an engineering firm familiar with the preparation of plans for a solid waste facility. The enclosed data sheet must be filled out in every detail by the engineering firm so that a review can be made of your project.

This site appears satisfactory for the development of a landfill at this location.

Very truly yours,

Arthur T. Knauer
District Sanitary Engineer

Attention: Lewis Blaylock

Dear Sir:

This is to advise you that the land known as Lot #3014, City of Moraine, at 1855 Cardington Drive, is zoned M-2, General Industrial.

This classification permits the use of the tract for a landfill, providing the proper permits are obtained from the City of Moraine and the Montgomery County Board of Health.

Very truly yours,

John F. Bush
Bldg. & Zoning Inspector

Mr. Lewis Hlaylock
Sanitary Landfill Incorporated
2451 W. Dorothy Lane
Dayton, Ohio 45439

Dear Mr. Hlaylock:

On August 28, 1970, a representative of this office accompanied by Mr. John Bindeman, sanitarian, Montgomery County Health Department met with you and together we reviewed the site of your proposed landfill operation.

This tract of ground is located approximately 1,000 feet west of Old South Dixie Highway and is on the north side of Cardington Avenue. It would comprise an area of about 25 acres in size of irregular shape. This area is worked-out gravel pits and the land is owned by the Snyder Company. The land is at high elevation and no ground water is evident in any portion of the pit.

The main entrance roadway is to be off of Cardington Avenue and the entrance office building and roadway will begin at this point and extend in a northerly direction to the point of operation.

The engineering drawings of the area must be prepared by an engineering firm familiar with the preparation of plans for a solid waste facility. The enclosed data sheet must be filled out in every detail by the engineering firm so that a review can be made of your project.

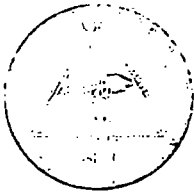

This site appears satisfactory for the development of a landfill at this location.

Very truly yours,

Arthur T. Knauer
District Sanitary Engineer
